**Acquest International Serves as Financial Advisor on Latest  
Acquisition by Unitek Global Services Inc.**

**New York, NY, October 16, 2018--**Acquest International, L.P., a New York based M&A firm, has served as exclusive financial advisor to Unitek Global Services Inc.'s (Unitek) acquisition of Southern Diversified Technologies, Inc. ("SDT, Inc.")

"Acquest has considerable telecommunications industry experience and expertise," said Pauli Overdorff, Managing Director of Acquest International, L.P. "This is the fourth industry transaction that Acquest has completed in the past three years and the second for Unitek. Acquest has served both buyers and sellers in the telecommunication industry, underscoring our versatility in this highly regulated sector," she said.

Since 1993 SDT has been a leader in the Southeast providing telecom engineering and construction services. Headquartered in Brookhaven, MS, SDT, Inc. provides telecommunications infrastructure services that include network planning, design, development, installation, test, turn-up and maintenance for both wireline and wireless carriers. The Company provides these services nationally to carrier clients, with a concentration on states located on the Gulf coast. Terms of the transaction were not disclosed.

This acquisition by Unitek, combined with the 2017 purchase of GW Communications, LLC, headquartered in Coppell TX, and its acquisition of Graycliff Enterprises, Inc. in Greensboro, NC, in August 2018, further contributes to Unitek's expansion of offerings around fiber deployment and telecom engineering.
